

PART 2 - PROCEDURES

ARTICLE 2.1 GENERAL PROVISIONS

Section 2-101. Purpose

Part 2 of the Alpine Land Use and Development Code outlines the procedures for filing and processing applications for the development of lands in the Town of Alpine. These procedures are intended to establish a consistent and transparent process for the evaluation and approval of applications for land subdivisions, land use plan amendments, planned unit development projects, zone changes, variances, as well as building and sign permits.

The process of reviewing private and public land use proposals is the method used by the Town of Alpine to:

- (a) Ensure the public health, safety, and welfare of Town residents; and
- (b) Evaluate the consistency of proposed land uses with the community land use plan contained in the Town of Alpine Municipal Master Plan.

ARTICLE 2.2 GENERAL DEVELOPMENT REVIEW AND APPROVAL PROCESS

Approvals may contain specific stipulations or conditions which modify the original application. Denials of any application shall be accompanied with documentation of the rationale used by the Alpine Planning and Zoning Commission, Alpine Board of Adjustments, and/or the Alpine Town Council to make its determination.

- (f) Any construction activity shall be subject to inspections by the Town of Alpine Building Official, or its designated representative, until the Certificate of Occupancy or Certificate of Completion has been issued.

Section 2-206. Variance Process

- (a) The purpose of the variance process (Figure 2-4) is to modify the strict application of the requirements of the Alpine Zoning Ordinance. A variance can be granted by the Alpine Board of Adjustments where it can be shown that unusual site or building characteristics, extraordinary circumstances, or other relevant factors, prevent a landowner from using a lot or land parcel for purposes permitted in the zoning district where the property is located.
- (b) Each authorized variance shall apply to a specific use or structure and shall continue in perpetuity regardless of future changes in land ownership.
- (c) Owners and/or prospective developers of any lots or parcels may make application for a variance in any zoning district.
- (d) Applicants must complete a variance application form that shall request at least the following information:
 - (1) Name, address, telephone number, e-mail address, and fax number of the applicant.
 - (2) When the applicant is not the landowner, the applicant shall furnish a written, notarized letter from the landowner, which authorizes the application and endorses the proposed variance.

 - (1) Location map of the lots or land parcels being considered for a variance.

- (2) A plot plan of the site and buildings where the proposed variance would occur.

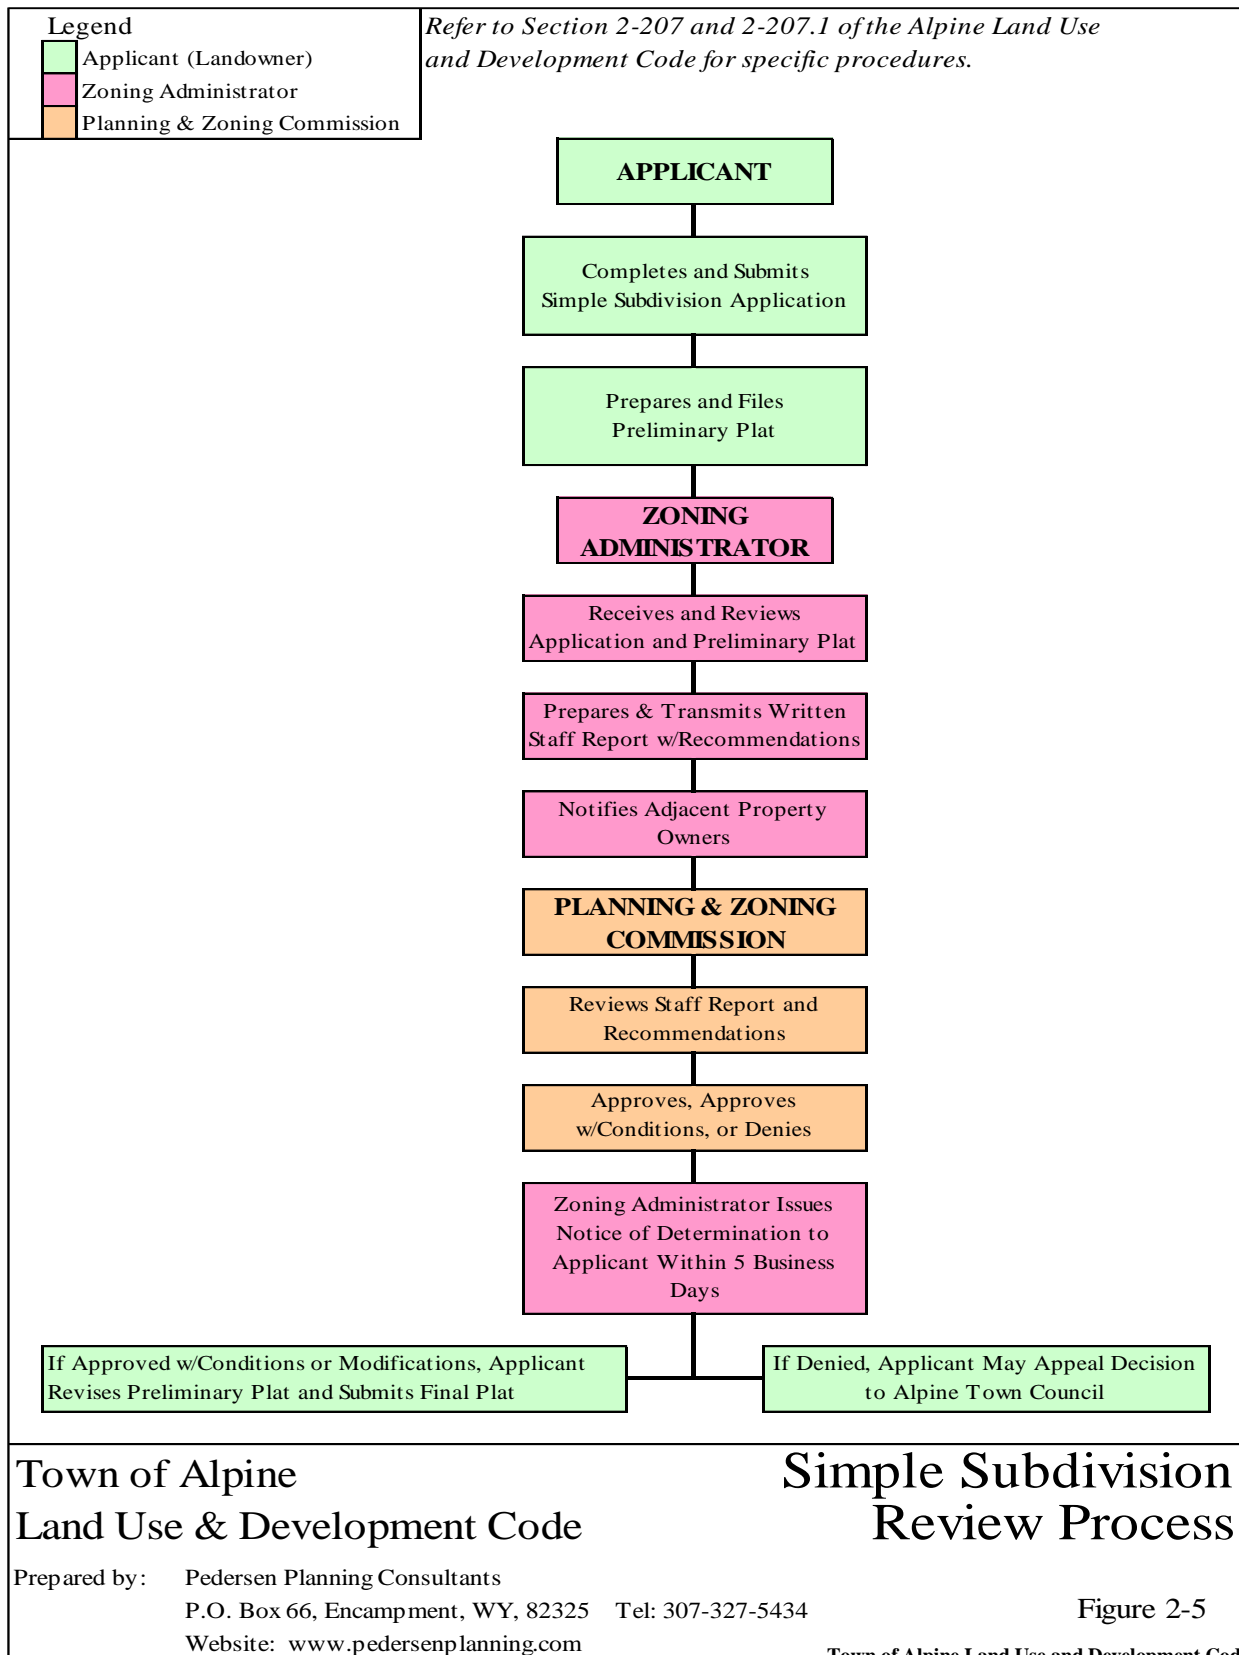

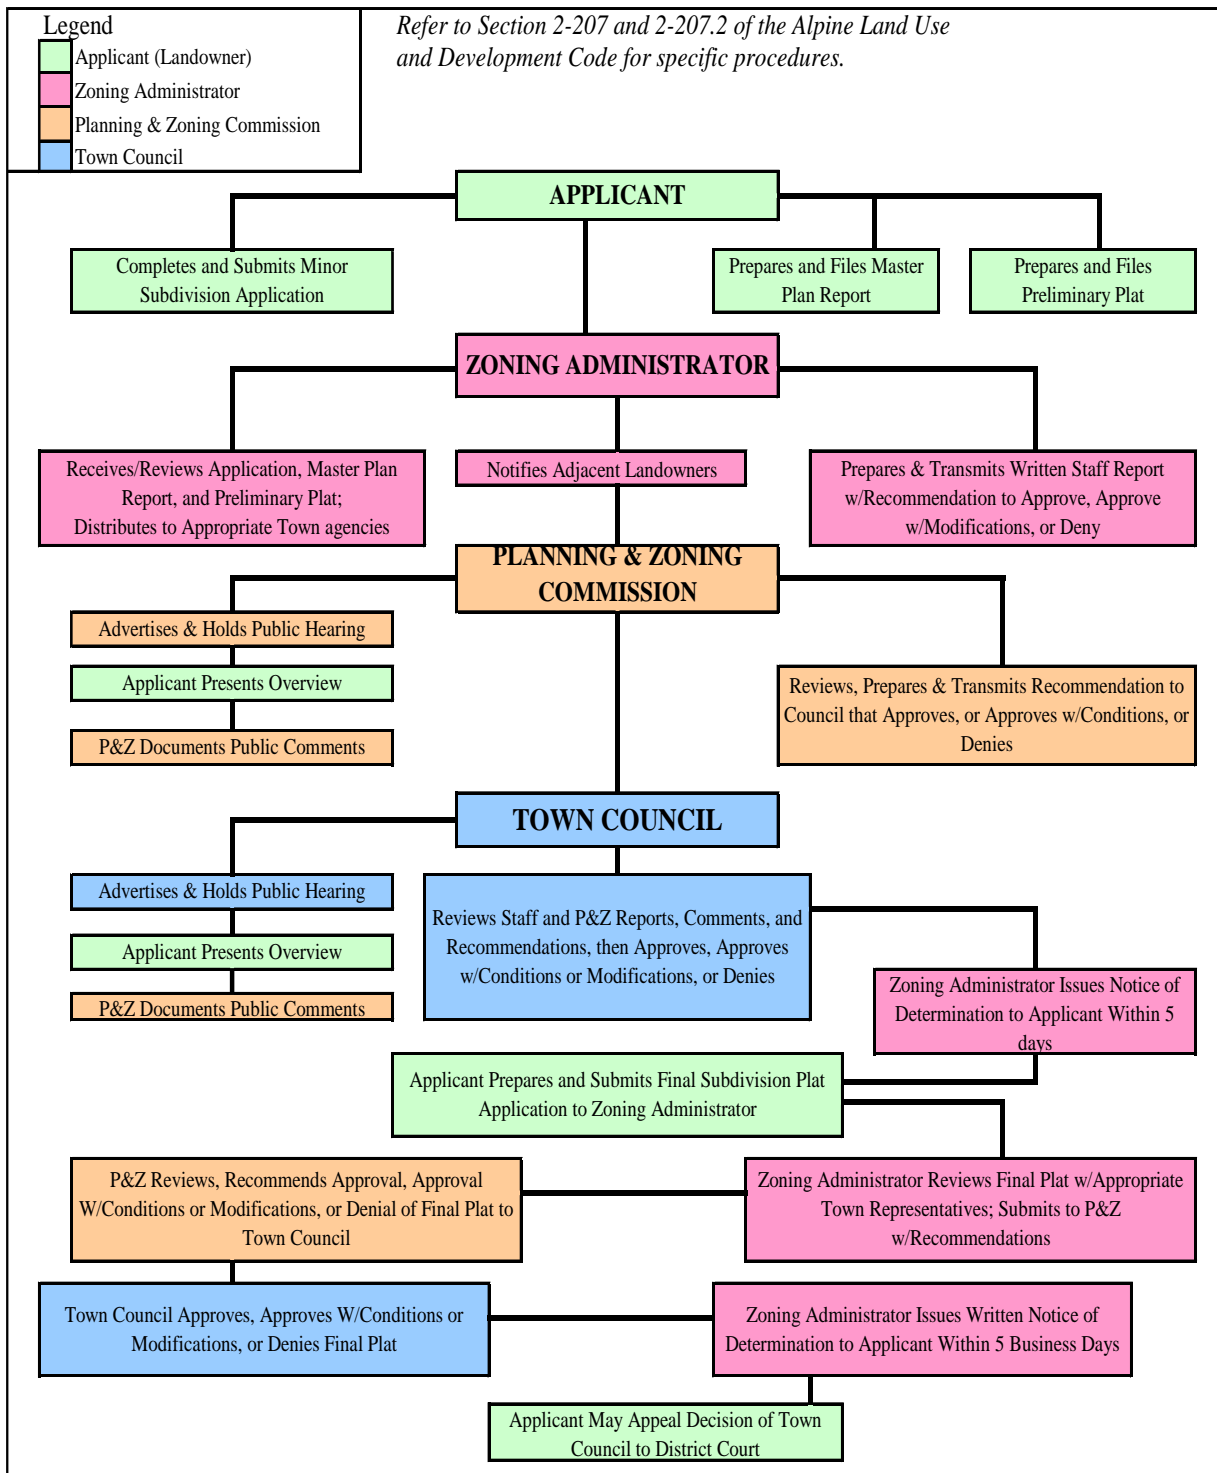

- (3) The limitations in the dimensions of the lot and/or buildings under consideration that prevent the applicant from developing or pursuing the type of land uses permitted in the zoning district where the property is located.
- (f) The Zoning Administrator, or his or her authorized representative, shall make a review of the proposed variance in the context of the three considerations outlined in Section 2-206 (j). This evaluation and a related recommendation shall be documented and transmitted to the Alpine Board of Adjustments.
- (g) The Zoning Administrator shall, as soon as practical, place the proposed variance on the agenda of the Alpine Board of Adjustments.
- (h) Before any decision is reached by the Alpine Board of Adjustments:
 - (1) The Zoning Administrator shall post a copy of the proposed variance upon the property where the variance is requested. This public notice shall be made, at least, thirty (30) days before the proposed variance is considered publicly by the Alpine Board of Adjustments.
 - (2) The Zoning Administrator shall provide written notice to all owners of property within five hundred (500) feet of the property or properties under consideration for a variance. The written notice shall also include the date, time and place when the proposed variance shall be considered by the Alpine Board of Adjustments.
 - (3) The Alpine Board of Adjustments shall hold one (1) public hearing at a public facility within the Town of Alpine. Town residents and the general public shall receive at least thirty (30) days' notice of the public hearing. Public notice shall be advertised in one (1) newspaper of general circulation throughout Lincoln County. Public comments received during the meeting will be documented for subsequent reference during the variance process.
- (i) Upon consideration of a staff report from the Zoning Administrator, for public comments made during a scheduled public hearing concerning the proposed variance, the Alpine Board of Adjustments shall make its decision concerning the variance request. Any affirmative decision may contain specific stipulations which may modify the specific variance request.
- (j) In determining whether to approve, approve with conditions, or deny a variance application, the Alpine Board of Adjustments shall use and address the following considerations. No variance shall be authorized unless the Alpine Board of Adjustments determines that it is pursuant to §15-1-608 of the Wyoming State Statutes, no adjustment in the strict application of any provision of an ordinance may be granted unless:
 - (1) There are special circumstances or conditions, fully described in the board's findings, which are peculiar to the land or building for which the adjustment is sought and do not apply generally to land or buildings in the neighborhood, and have not resulted from any act of the applicant subsequent to the adoption of the ordinance;
 - (2) For reasons fully set forth in the board's findings, the circumstances or conditions are such that the strict application of the provisions of the ordinance would deprive the applicant of the reasonable use of the land or building, the granting of the adjustment is necessary for the reasonable use thereof and the adjustment as granted is the minimum adjustment that will accomplish this purpose;
 - (3) The granting of the adjustment is in harmony with the general purposes and intent of the ordinance and will not be injurious to the neighborhood or otherwise detrimental to the public welfare;

- (4) The special circumstances or conditions have not resulted from any act of the applicant that was intended to circumvent the Land Use and Development Code;
- (k) A notice of determination of the Alpine Board of Adjustments will be prepared by the Zoning Administrator and transmitted to the applicant within five (5) business days of the decision of the Board of Adjustments. The notice of determination shall state the rationale for approval or disapproval for the proposed variance and outline any required stipulations to any approved variance application; and
- (l) Any appeal of the decisions by the Alpine Board of Adjustments shall be made to the Alpine Town Council.

Section 2-207. Subdivision Process

- (a) The intent of the subdivision review and approval process is to encourage the development of attractive neighborhoods, commercial areas, and public spaces that shall represent healthy and safe places to live and work.

- (e) Major subdivision requirements shall apply to subdivisions that:
 - (1) create six (6) or more lots or parcels;
 - (2) may or may not conform to existing zoning; and,
