

## ***Town of Alpine***

### ***COUNCIL MEETING MINUTES***

***DATE: April 19, 2022***  
***TIME: 7:00 p.m.***

***PLACE: Town Council Chambers***  
***TYPE: Regular Meeting***

- 1. CALL TO ORDER:** Mayor Lutz called the meeting to order at 7:00 p.m. Master Bronson Cottam led the attendees in the Pledge of Allegiance.
- 2. ROLL CALL:** The roll call was conducted by Ms. Sharon Backus, Clerk/Treasurer. Council Present: Andrea Burchard, Frank Dickerson, Justin Fritz, Jeremy Larsen and Mayor Lutz. A quorum of the Council was established.

#### **3. ADOPT THE AGENDA:**

**Councilman Larsen moved to adopt the agenda. Councilman Fritz seconded the motion.** There was no discussion. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

#### **4. APPROVAL OF CONSENT AGENDA:**

**Town Council Meeting Minutes – March 15, 2022; Public Hearing Minutes March 15, 2022**  
**Planning and Zoning Minutes – February 8, 2022**  
**Payment of Town Bills – See Attached Check Detail of Bill Payments**  
**Approval to Adopt on Second Reading 284 Ordinance No. 2022-02 “Annexation of Elkhorn Meadow to the Town of Alpine”**  
**Approval to Adopt on Second Reading 285 Ordinance No. 2022-03 “Adopting International Building Code 2021 Edition”**  
**Approval to Adopt on Second Reading 286 Ordinance No. 2022-04 “Adopting International Residential Code 2021 Edition”**  
**Approval to Adopt on Second Reading 287 Ordinance No. 2022-05 “Adopting International Mechanical Code 2021 Edition”**  
**Approval to Adopt on Second Reading 288 Ordinance No. 2022-06 “Adopting International Fuel Gas Code 2021 Edition”**  
**Approval to Adopt on Second Reading 289 Ordinance No. 2022-07 “Adopting International Plumbing Code 2021 Edition”**  
**Approval to Adopt on Second Reading 290 Ordinance No. 2022-08 “Adopting International Fire Code 2021 Edition”**  
**Approval of WYDOT TAP Project Reimbursement Request # 9 of \$6,755.20**

**Councilman Larsen moved to approve the Consent Agenda. Councilman Fritz seconded the motion.** There was no discussion. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**  
***The aforementioned Ordinances may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)***

## **5. ACTION ITEMS/NEW BUSINESS:**

- **Motion to Transfer Retail Liquor License from TI DAN, INC. to VR Tavern on the Greys LLC effective upon closing and recordation estimated to be April 20, 2022**

**Councilman Fritz moved to approve the transfer of the Retail Liquor License from TI DAN, Inc. to VR Tavern on the Greys, LLC effective upon closing and recordation of the sale estimated to be on April 20, 2022. Councilman Dickerson seconded the motion. There was no discussion. Vote: 4 Yes, 0 No, 1 Abstain, (Lutz), 0 Absent. Motion Carried.**

- **Lincoln County Sheriff's Office Information, Update and Budget – Sheriff Shane Johnson**  
Lincoln County Sheriff Shane Johnson addressed the council with a departmental update. Sheriff Johnson stated that the LCSO had been impacted by the increased housing costs and without equal increase in wages. Sheriff Johnson said he had met with the Lincoln County Commissioners to address wages as there is a significant lack of applications for the two open positions in the LCSO. Sheriff Johnson referenced the incident of domestic violence that occurred recently in Etna stating that this type of incident is happening more often due to the influx of people. Sheriff Johnson stated that he still believes Star Valley is the best place to live.

Sheriff Johnson stated that for Fiscal Year 2023 the contract with the LCSO will remain at \$60,000 per year and the communication fee will be \$606.50/month. The Town of Star Valley Ranch and the Town of Alpine will have to discuss the contract for the next year as it will increase out of necessity to provide the coverage due to the growth in both towns. Sheriff Johnson then discussed the updates to the 911 system and now dispatch may be made from either Afton or Kemmerer. This provides redundancy for staff and location. The LCSO is very near to having e-911 capability.

Councilman Larsen asked if there had been any improvement to the 911 system toward Palisade Reservoir. Sheriff Johnson stated that he had met with the Bonneville County, Idaho Sheriff and while some improvements have been made, it is by no means perfect yet. The towers there are in Idaho, but we are identifying the sectors which should come to LCSO. Councilman Larsen asked about the canyon and if there is a plan to get towers there. Sheriff Johnson stated that he had not heard of plans for this. Sheriff Johnson mentioned that the best cell reception currently is from A. T. and T. and that Silver Star Communications will be out of the cell phone business by December 30, 2022.

Mayor Lutz stated that the town hopes to build a residence on land it owns in Alpine Meadows for housing for a deputy. Mayor Lutz thanked Sheriff Johnson for the update.

Mr. James Sanderson, Town Counsel asked Sheriff Johnson to admonish his Deputies to make sure they get the correct court and date as some citations have had to be dismissed due to these errors.

- **Sunrise Engineering: TAP Grant Update – Ryan Erickson**

Mr. Erickson stated that the drawings have been completed for the TAP Pathway Project and have been submitted to Wyoming Department of Transportation (WYDOT). Once we get approval from WYDOT we can advertise. You are required to bid for three weeks (21 days) before the bid opening. We will have to discuss the timing of this project because the water line replacement will be done first. Mr. Erickson then explained some of the difficulties experienced by other entities with recent bids.

Mr. Erickson said that the Greys River Road Waterline project was bid out last fall. The town has gone through all the submittals. The pipe was purchased and is sitting in storage. This project will commence as soon as weather allows. There is a pre-construction meeting on April 28, 2022 in the council chambers. They are looking at mid to end of May start date.

Mayor Lutz thanked Mr. Erickson for the update.

- **Thayne Senior Citizen Center Budget Request – Dan Carter**

Mr. Dan Carter of the Thayne Senior Citizen Board stated that he had asked Ms. Backus to distribute a brochure to the council. Mr. Carter thanked the council for their past support and is hoping for the Town of Alpine's continued support for the Thayne Senior Center. Mr. Carter stated that there are some medical services provided and that in addition to the numbers mentioned in the brochure, there is one more to mention. The number is 21,000 meals served; 15,000 plus in person at the center and another 5,000 plus which are delivered meals. Many of the meals are delivered to Alpine. This could be increased in Alpine by delivering two or three days per week at the Donn Wooden Civic Center. We live in a remote part of the state and people have been scared to come out. Now we are seeing a change and more people are going out again. The real significance of the 21,000 is that these are the number of interactions between people. The menu is no longer the most important thing, rather the interaction between people is. In 1965 the Federal Government passed the "Old Age Law" that provided money for activities, meals and medical services to entities like the Thayne Senior Center. Mr. Carter and the council discussed the Thanksgiving Dinner and the appreciation of the individuals who had meals delivered.

Mr. Carter asked for the continued support of the council for funding.

- **Riverview Meadows Sewer Odor Complaint; Pretreatment Timeline- Shay Scaffide**

Ms. Shay Scaffide wrote the following to the Town Council:

*Dear Town of Alpine:*

*Riverview Meadows HOA is requesting an update as to the status/project of the pre-treatment sewer plant at the next Town Council meeting in April. We are humbly requesting that this plant is top priority for the Town of Alpine come Spring 2022 as the stench continues to overwhelm the neighborhood. Over the course of the past year/summer the smell has become more and more pungent to the point that residents are not able to enjoy their decks/patios or even open their front doors. Sadly with the annexation of the Alpine Meadows' neighborhood, KJs, Broulim's and many others, we are concerned that the cart came before the horse and now Riverview Meadows is paying the price living by an under performing sewage plant. We know that in 2019 over \$2M was granted by the Wyoming Business Council to deal with the sewer plant but not sure that the greatest of care has been shown to this never ending issue.*

*Our HOA will be in attendance at the April 19th meeting to discuss further problem solving ideas to rectify this issue as quickly as possible. We have so many new town members who are disheartened to purchase homes in our neighborhood and now being greeted by the smell of sewage.*

*Sincerely*

*Riverview Meadows HOA*

Mayor Lutz asked Ms. Backus to read a memorandum of update from Mr. Bob Ablondi, Town Engineer into the record.

DATE: 4-14-2022

TO: Mayor Lutz and Alpine Town Council

FROM: Bob Ablondi, PE

RE: Update on Wastewater Pretreatment and Sludge Handling; comments on current odor issues.

**Pretreatment Update.** *Work is progressing on the Pretreatment and Sludge Handling system. We are working with wastewater experts from Cambrian Innovations who will be providing the main equipment for the pretreatment process and sludge dewatering. Cambrian is finalizing details on the equipment sizing and pricing so that his can be ordered as soon as possible to avoid additional cost increases. We are meeting on a weekly basis and should have an update this week on the final sizing and equipment deliveries.*

*As you are aware, the plan is to enclose all equipment in a building that would look similar to the recently completed shop. This is to help with operations during the wintertime and help contain odors that may result from the sludge handling operation. The construction of the building would be sourced locally using local contractors and sub-contractors.*

*Once we hear from Cambrian, we should have a better idea of equipment delivery. We will also have final equipment sizing so we can finalize the building dimensions. We expect the main equipment to take 8 to 10 months to arrive. This would put some equipment arriving in December of 2022. The plan is to have the building completed and ready for the equipment by October. It will likely take 2 months to get the system fully operational. The hope is to have the system running in February or March of 2023 so that sludge hauling to the Town of Pinedale can end next spring.*

*The group working on this project for the Town includes representatives from Cambrian, Melvin Brewing, Rob Wagner as chief operator, Mayor Kennis Lutz, and Bob Ablondi as Town Engineer.*

**Odor Issues.** *After speaking with head operator Rob Wagner, it appears that the odors are occurring at the end of the waste sludge thickening cycle. Although the thickening unit is aerated, as the waste sludge water content is reduced, the odors become more prevalent, particularly during the warmer summer months when biological activity increases. Rob has been in contact with the membrane supplier, Kubota, who also provides advice on the system operation. The thickener also uses membranes similar to the main membrane bioreactor that treats the primary liquid waste stream. Rob is looking at the equipment to make sure there is sufficient air getting to the thickened sludge. Rob is also looking at the possibility of increasing the air in the aerobic digester which stores and digests the waste sludge. There are also some operational changes that can be made that may help this issue that are worth trying without incurring significant costs.*

*Also, the new pretreatment system will help the overall operation, treating the stronger brewery waste and reducing the loading on the existing WWTP. Melvin already side streams their most concentrated high strength waste as their system is designed to keep this separate from the medium strength and domestic wastewater which are discharged to the Alpine plant. The side streamed waste is currently hauled by Melvin to a farmer in Smoot. Melvin has also been making improvements in their system to ensure that no high strength waste is discharged to the WWTP.*

*Rob is also part of the Riverview Meadows neighborhood and is aware of the odors. Therefore, he has a mutual interest in coming up with a resolution and making changes as necessary to the operation to reduce or eliminate the odors to the extent feasible.*

Mayor Lutz asked, "does the homeowner's association (HOA) have any solutions that might help the town?"

Mr. Jordan Kurt-Mason addressed the council stating, "I wanted to drive home that the HOA fully supports Melvin Brewing and we realize that this is more of an issue with the overcapacity that the plant can take without pretreatment hence the expansion and all of these things." "We love and supported Melvin through all of their madness days and concerts so we by no means want these guys (Melvin Brewing) to be punished or held accountable but with that said, it is pungent." Mr. Kurt-Mason stated, "this is not just a nuisance of just a little bit of a smell; there are days when you might as well be opening up the worse outhouse that has not been cleaned in a while and stick your head down

in the actual hole and breathe that in." "It is not just in the summer months being those warm months, windows open, there are times no escaping it." "So, I do need to clarify that it is not just a mild smell, it can be really rough at times." "With that said, I don't like coming to this without a solution in mind; I mean I don't know if it is possible for Melvin to figure out another avenue for some of their waste that mitigates this." "If there is a certain point that our system cannot handle it and it falls back on Melvin to in some capacity to deal with that or whatnot but we are not civil engineers as an HOA and don't have all of that with us but I am just looking for some sort of mitigation in the meantime for the smell until that plant is constructed."

Mayor Lutz asked Mr. Kurt-Mason if he was asking Melvin Brewing not to brew as much. Mayor Lutz stated that the town is trying to get this pretreatment plant done.

Mr. Kurt-Mason continued. "That is not the issue we are asking for, there is a balance between business and development and home, your homeowners, your you know people who live here and I understand that balance is difficult at times. That said the balance is not there right now. So, I am not saying that Melvin needs to brew less, if there are ways of them brewing less of a huge amount and add days off so it can be more consistent, I don't know the brewing process. I don't know if there are ways of them dealing with some of their waste and holding that and being able to slowly introduce that into the thing or if they can think of another way to deal with the excess that is overloading the system." Mr. Kurt-Mason said, "I am looking a solution and not to hit anyone's pocketbook."

Mayor Lutz introduced Mr. Frank Magazine, CEO of Melvin Brewing. Mr. Magazine stated that he was confused because he thought the discussion was about the treatment plant not about Melvin Brewing. Mr. Kurt Mason stated, "It was my understanding that the plant was getting more than its capacity due to the increase you know from Melvin Brewing, it is not that Melvin Brewing is an issue it is that the plant is not big enough to handle added stuff coming from Melvin." Mr. Magazine stated that there is a misunderstanding. As was read in Mr. Ablondi's memo, Melvin Brewing is incurring between \$250,000 and \$300,000 per year in expenses to pump our waste out. We contain it in an underground tank, this is the heavy stuff that would really do damage to the municipality now in an overload situation. We have that pumped out, taken to a farm and spread. This is not without cost, labor and determination. Mr. Magazine stated that he volunteered to work with the town on the pretreatment plant. Mr. Magazine is a Chemical Engineer with a Waste Treatment Specialist with a lot of experience in the Midwest in grain mills with their waste treatment systems so is familiar with what is going on. The problem occurs when the snow first starts to melt and flow in and around the current system and actually siphon down to the waste treatment system, Melvin's system was chained out so could not contribute to this. This expansion is designed to fix this problem by increasing the dilution which results in a more consistent flow into the waste treatment. Mr. Magazine explained the anaerobic bacteria is what is giving rise to the smell.

Mr. Kurt Mason asked for a short-term solution. Councilman Fritz pointed out that Mr. Ablondi's memo suggests a couple of short-term solutions to try. Mr. Magazine asked to meet with the HOA during the odor episodes to help identify the odoriferous compounds being emitted.

Ms. Shay Scaffide stated she wanted to reiterate that she was less concerned with Melvin Brewing's impact on the sewer plant but rather, that the council gives no thought to the annexations and everything in Alpine is more than the plant can handle. Forethought has been lacking and still is.

*(Ms. Scaffide's assumption is directly contrary to the Town Engineer's Flow Study summarized in the October 19, 2021 minutes which indicates a maximum usage to date of a mere 38% of the plant capacity. This report may be found on the website at [alpinewy.org](http://alpinewy.org))*

- **Planning and Zoning Report – Tim Hartnett**

Mr. Tim Hartnett of the planning and zoning commission stated that he purchased his lot in Riverview Meadows in 2004. "My realtor assured me that the gravel pit was not going to be functioning in more than three years so this goes to the fact that when you buy a place next to a sewer plant, you might think twice about it."

Mr. Hartnett stated that the Board of Adjustment met and granted a variance for a sign height and square footage. The commission determined that that request was warranted and a good feature for the town, as we all want to know where to go in an emergency. The variance was for the Star Valley Health so we allowed them to expand their sign. An adjustment was made to the lumens on the backside of the sign as there is no need for the sign to be bright on the back side. The Planning and Zoning meeting featured four R-1 Single Family Dwelling applications, three of which were approved and one needed further information. There were some minor requests such as a carport, shed, small signage which were mostly approved. Mr. Dan Halstead, Residential Building Inspector is doing a great job getting through all of these plans that are rapidly coming through this time of year. We are putting our faith in our inspectors, we come up with questions and they are answered, tabled or approved with conditions. The commission is doing their due diligence in approving or asking for more information.

Mayor Lutz thanked Mr. Hartnett for the report.

Mr. Rex Doornbos stated that one of the other things he does in the community is to serve on the Airpark Board. Some pilots are establishing an aerobatic box which has the support of the Airpark Board. Mr. Doornbos handed the council a picture of the proposed aerobatic box. This is a three-dimensional box in space which allows pilots to go into this box in a defined area to practice aerobatics. A pilot desiring to use the area calls the Federal Aviation Administration (FAA) who broadcasts a Notice to Airmen (NOTAM) so other pilots know the area is occupied for a specific time. The pilots have the right to fly in this area anyway but with the NOTAM they will be more cautious. Mr. Scott Glazier and Dee Conger are completing and submitting the application. The area is in Idaho, on the west side of the lake but the FAA wanted input from the nearest municipality which is Alpine. This is a three-year permit. The Airpark Board wants to be supportive of this, it is the right thing to do for our pilots and hopes the Town of Alpine supports the idea as well. Discussion ensued. Mayor Lutz explained the history of having the planes flying over on July 4<sup>th</sup>. Mr. Conger would like to have a static display at the condos, a barbeque and the Melvin Brewing truck to celebrate July 4<sup>th</sup>.

**Mayor Lutz, Councilmen Burchard, Dickerson and Fritz approved of the plan. Councilman Larsen dissented because of the noise and he was speaking on behalf of equestrian recreationalists. The noise may startle the horses.**

- **Motion to Adopt on Third Reading 283 Ordinance No. 2022-01 "Regulating Supplemental Feeding of Animals Prohibited"**

Ms. Sharon Backus, Clerk/Treasurer read 283 Ordinance No. 2022-01 into the record.

**Councilman Larsen moved to adopt on third reading 283 Ordinance No. 2022-01 "Regulating Supplemental Feeding of Animals Prohibited". Councilman Dickerson seconded the motion.**

Discussion ensued regarding having birdfeeders (allowed) versus throwing food to birds and animals (prohibited). **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

*The aforementioned Ordinance may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)*

- **Motion to Adopt on First Reading 291 Ordinance No. 2022-09 Amending "Town of Alpine Budget for Fiscal Year 2021/2022"**

Ms. Sharon Backus, Clerk/Treasurer read 291 Ordinance No. 2022-09 into the record.

**Councilman Larsen moved to adopt on first reading 291 Ordinance No. 2022-09 Amending "Town of Alpine Budget for Fiscal Year 2021/2022. Councilman Fritz seconded the motion.** There was no discussion. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

*The aforementioned Ordinance may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)*

- **Motion to Adopt on First Reading 292 Ordinance No. 2022-10 "Town of Alpine Budget for Fiscal Year 2022/2023"**

Ms. Sharon Backus, Clerk/Treasurer read 292 Ordinance No. 2022-10 into the record.

**Councilman Larsen moved to adopt on first reading 292 Ordinance No. 2022-10 "Town of Alpine Budget for Fiscal Year 2022/2023". Councilman Fritz seconded the motion.** Discussion ensued. Ms. Backus referred to the two quotes from Kubota for new membranes which had been submitted by Mr. Ablondi. This estimate is not already in the budget due to the tardiness of the submission of the quotes, but Mr. Ablondi wanted to put the council "on notice" that this membrane replacement must be performed in the summer so would be in the Fiscal Year 2023 budget. The ordinance will not be amended until the third reading. Mr. Ablondi favors the higher estimate as the membranes are in "cassettes" therefore are easier to handle and there is less labor. There was no other discussion. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

*The aforementioned Ordinance may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)*

- **Motion to Adopt on First Reading 293 Ordinance No. 2022-11 "Annexation of Lot 12 Lazy B Subdivision to the Town of Alpine"**

Ms. Sharon Backus, Clerk/Treasurer read 293 Ordinance No. 2022-11 into the record.

**Councilman Larsen moved to adopt on first reading 293 Ordinance No. 2022-11 "Annexation of Lot 12 Lazy B Subdivision to the Town of Alpine". Councilman Larsen seconded the motion.** There was no discussion. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

*The aforementioned Ordinance may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)*

- **Motion to Adopt on First Reading 294 Ordinance No. 2022-12 "An Ordinance Establishing a Tourism and Travel Promotion Board for the Town of Alpine"**

Ms. Sharon Backus, Clerk/Treasurer read 294 Ordinance No. 2022-12 into the record.

**Councilman Larsen moved to adopt on first reading 294 Ordinance No. 2022-12 "An Ordinance Establishing a Tourism and Travel Promotion Board for the Town of Alpine". Councilman Fritz seconded the motion.** Discussion ensued. Councilman Larsen wanted to correct the information he provided on this in previous meetings. The state collects 5% lodging tax, 3% of this is retained by the state and 2% is passed on to the county. The Town may elect a 1% or 2% lodging tax which will be for use in the town as well as 1% of the 2% which went to the county. This would give Alpine either 2% total or 3% total lodging tax. What the tax could be used on was again discussed. **Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

*The aforementioned Ordinance may be viewed in the Town Office or on the website at [alpinewy.org](http://alpinewy.org)*

- **Motion to Approve 487 Resolution No. 04-19-2022 Adopting the Mill Levy for Fiscal Year 2023**

Ms. Sharon Backus, Clerk/Treasurer read 487 Resolution No. 04-19-2022 into the record.

**Councilman Larsen moved to adopt 487 Resolution No. 04-19-22 "Approving the Mill Levy for Fiscal Year 2023." Councilman Dickerson seconded the motion. There was no discussion. Vote: 5 Yes, 0 No, 0 Abstain, 0 Absent. Motion Carried.**

- **Economic Development Update – Councilman Larsen**
  - The Economic Development Board approved the Oyster Bay Music Festival in Kemmerer.
  - The county is discussing the Tourism Board but are hitting a wall in the selection of their board because the county has to be more selective than the town.
  - Kemmerer is progressing on the nuclear plant and trying to find a balance between housing and not allowing man camps for temporary workers.

## 6. Tabled Items: None

### TOWN OF ALPINE GENERAL FUND

CLAIMANT	ALLOWED
AFLAC	\$297.70
ALPINE ACE HARDWARE	\$896.46
ALPINE EXCAVATION LLC	\$2,662.50
BACKUS, SHARON	\$461.36
BARBER SHOP INC.	\$698.37
BLUE CROSS BLUE SHIELD	\$6,395.22
BROULIMS ALPINE	\$83.07
CASELLE	\$56.77
CNA SURETY	\$210.00
CONRAD & BISCHOFF	\$209.39
DEARBORN LIFE INSURANCE	\$60.51
DRY CREEK ENTERPRISES	\$80.00
FDMS VISITOR CENTER CREDIT CARD LEASE	\$31.48
FIRST BANKCARD	\$3,580.58
FP MAILING SOLUTIONS	\$1,000.00
GREAT WEST TRUST COMPANY LLC	\$7,350.00
HARMS, BRAD	\$275.00
JENKINS BUILDING SUPPLY	\$456.22
KIRKWOOD, MIKE	\$50.00
LCSD 2 EDUCATION FOUNDATION	\$5,000.00
LINCOLN COUNTY SHERIFF	\$15,606.50
LOWER VALLEY ENERGY	\$531.08
MERCHANT FEE	\$152.73
RAVEN LUNATIX ROCKS	\$2,500.00
PREVENT FIRE	\$482.00

RHINEHART OIL CO LLC	\$2,934.24
PAYROLL	\$58,664.07
PENNY, BELINDA Cleaning	\$1,200.00
SANDERSON LAW OFFICE	\$2,312.00
SILVER STAR COMMUNICATIONS	\$761.34
STAR VALLEY DISPOSAL	\$285.00
STAR VALLEY INDEPENDENT	\$802.75
STAR VALLEY PATRIOT CAMP	\$2,500.00
SUNRISE ENGINEERING	\$8,444.00
TOWN OF ALPINE WATER DEPT	\$1,478.60
TSYS	\$135.19
UNITED STATES TREASURY	\$12,223.80
VALLEY WIDE COOPERATIVE	\$2,760.40
WESTERN STATES EQUIPMENT	\$2,893.48
WYOMING CHILD SUPPORT	\$464.56
WYOMING RETIREMENT	\$6,588.25
XEROX FINANCIAL SERVICES	\$272.64

## **TOWN OF ALPINE SEWER DEPARTMENT**

<b>CLAIMANT</b>	<b>ALLOWED</b>
CASELLE	\$56.78
CONTROL ENGINEERS, PA	\$740.00
CUMMINS ROCKY MOUNTAIN	\$1,200.58
DRY CREEK ENTERPRISES INC	\$8,107.50
ENERGY LABORATORIES	\$97.00
