

Winter Parking Restrictions

Parking any vehicles or trailers on the streets or rights-of-way of the town between the hours of 1:00 a.m. and 6:30 a.m. is illegal from November 1st through April 30th.

This ordinance was enacted to facilitate the safe, efficient, and cost-effective removal of snow from the streets and roads of the Town of Alpine. Even a few illegally parked cars can slow down the snow removal process and cost the town a lot of money.

The parking restrictions are in effect every night regardless of the weather forecast. Can you ever trust the weather forecast in Wyoming?

If you're going to have guests, please make arrangements for alternate parking or ensure that their cars are removed from the streets and rights-of-way before 1:00 a.m.

Vehicles and trailers parked in violation of this ordinance may be ticketed (\$500.00) and/or towed at the owner's expense. And your street may not get plowed (angry neighbors).

Thanks for your cooperation

P.S. Please wait until after 6:30 am to put your garbage can out. And please remove your can from the street on the day it is emptied.
